Benefits for all stakeholders

VRR

ULD industry has a tool to become gradually more sustainable.

See in one place how sustainable a ULD is. Making your choice easier and faster

Can use the standard to make their products more sustainable. And are able to support this claim.

Future vision

VRR

One industry-wide standard that allows anyone to identify the sustainability level of a ULD **at a glance.**

Proposed approach

- Start a project within ULD Care
- ULD Care includes all stakeholders: airlines, lessors & OEMs
- Become a sustainability frontrunner as ULD community
